Recession-Proof Networking

An invitation to a networking event co-hosted by the Belgian, Polish and Dutch chambers and TISA; Supported by EUCOCIT

With the economy still lagging, jobs being eliminated and clients tightening their belts, building business in this environment is as challenging as ever. Our guest speaker will provide tips and advice on networking in a recession market, how to maximize contacts and how to generate business. This event is jointly hosted by a cross-section of the European business chambers in Toronto and TISA, giving attendees an excellent opportunity to network and make new business contacts.
